

# SPECIALIZED HEALTH EQUIPMENT PACKAGING

Technical advice on the various types of packaging to determine the most efficient solution taking into account the specific needs of the health sector.

Light and resistant packaging, savings in transport costs (air, sea, land).

Returnable and reusable packaging In case of non-reuse, no waste is generated for the final customer.

Assembly and disassembly without nails or tools, quickly and safely.

**CUSTOM  
DESIGN**

**EASY  
LOADING &  
UNLOADING**

**FAST  
&  
SECURE FIXING**

Designed to facilitate loading and unloading of equipment without mechanical means.

It allows the fixation of the equipment in a fast and safe way.

Customized manufacturing.

Once disassembled, it occupies 20% of its size, saving costs in storage.

ISPM 15 certification for international trade
